

Carrying on... with Blueridge!

From one generation to the next, the musical traditions of America are continuously being created. From the late 1940s until 1966 the Stanley Brothers of Virginia brought the haunting melodies of the Blue Ridge Mountains to the entire world. Today that tradition is being carried on by Ralph Stanley and the Clinch Mountain Boys with Carter's nephew and Ralph's son, Ralph Stanley II singing lead and driving the rhythm with his Blueridge Guitar.

Ralph II plays a BR-1060 Carter Stanley Memorial Blueridge Guitar to carry the tradition forward. Stop by and see Ralph or your local authorized Blueridge Dealer... you might just find a Blueridge Guitar for yourself... and your next generation!
