

GYPSEY JAZZ RAFFLE

To celebrate the 2008 DjangoFest Northwest, Gitane Guitars, Schertler Amplification and the good folks at Django Fest are offering a very special Gypsy Jazz Players Package up for Silent Auction that includes some of the finest professional equipment available for the Gypsy Jazz aficionado.

Saga proudly offers one of the most exciting and popular Gitane models to date as part of this very special package... the new **DG-320!** Developed in collaboration with the modern Gypsy Swing Master **John Jorgenson** himself, this guitar combines all the best features of popular long-scale, Petite Bouche models with those found in earlier Maccaferri-designed Grand Bouche designs. Truly the best of both worlds for any player. In addition to receiving the guitar, you will also get 6 sets of **Parisian strings and a quality case.**

GUITAR FEATURES:

- Select, solid spruce top
- Figured Santos rosewood back and sides
- Dalmatian-tortoise body binding
- Traditional D-shaped soundhole
- Mahogany neck with ebony fingerboard m-o-p position markers
- Ebony peghead overlay and underlay
- Moustache bridge with moveable center
- Deluxe gold-plated tuners

Schertler is proud to provide a **UNICO Acoustic Instrument Amplifier**. It is the perfect amp to reproduce the sound of any acoustic instrument or voice. Every one of its components, from preamplifiers to loudspeakers, has been designed for natural and accurate response. New features include variable input gain control (Trim Pot) and additional EQ control on each channel, redesigned cabinet dimensions for improved bass response, and an improved tweeter for an even clearer high end.

SCHERTLER AMP FEATURES

- Durable wood cabinet construction with metal speaker grill
- One 8" Bass Reflex Woofer and a 1" dome tweeter
- 150W + 35W RMS, bi-amplified
- Wide band frequency response from 40Hz to 22KHz
- Switchable power supply (220Vac 50Hz 7 115Vac 60Hz)
- Built-in Spring Reverb
- 3 Independent channels
